Innovation

## THE SILICONE MEMBRANE REPLACES THE WATER TRAP.

The silicone membrane opens with the flow of water and then closes when the water has passed.

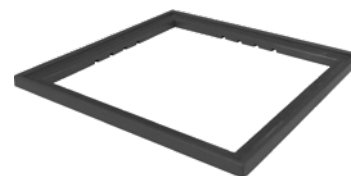

- > Blocks the rise of odours.
- > Prevents noise in waste pipes.
- > Allows natural ventilation in waste pipes with no risk of de-siphoning.

## TIPS

**VENISIO COMPACT** is suitable for tiles up to **10mm**. For additional height, an optional additional 6mm spacer is required (not included).

Use only anti-slip tiles adapted for walk-in-shower for your own safety.

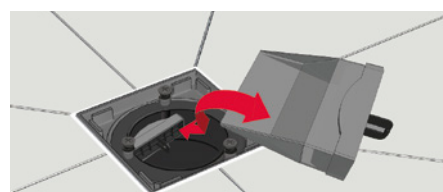

Wirquin 6mm spacer ref. 30722815.

## CARE AND CLEANING

Frequently clean the membrane and hair filter to keep your waste draining at optimal performance!

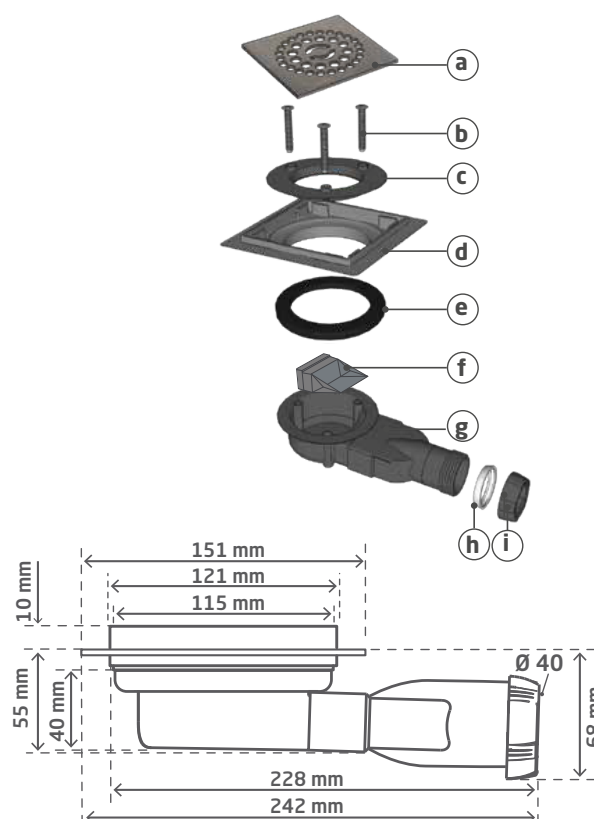

To protect your shower, do not use cleaning products that contain acid or harsh chemicals.
